

Frequently Asked Questions

Q. Where do I apply and get more information?

A. Please visit the Landmark Community Grants page at landmarkwinegrants.com.

Q. When are applications available?

A. Our online application opens every year on January 1 and is available until the application cycle closes on January 31. A printable version of the application is available on our website for reference (paper applications will not be accepted.)

Q. When are grants awarded?

A. Awards will be announced in March of each year.

Q. Do you have any geographic limitations for funding?

A. Landmark Community Grants support programs that directly benefit the Russian River Valley and Sonoma Valley regions. A map showing these regions shaded in purple can be found on [our website](#).

Q. What if my organization is headquartered and/or based in another area?

A. Organizations based outside of these areas may apply as long as the proposed program directly and exclusively benefits the Russian River Valley and/or Sonoma Valley.

Q. What is the grant period and when must funding be used?

A. All grant activities and spending must be completed during the calendar year in which you apply.

Q. Do you make grants larger than \$5,000?

A. All Landmark Community Grants are \$5,000. This model allows us to support a wide variety of local organizations, rather than selecting just a few to support annually.

Q. Who is eligible to apply for funding?

A. Only employees, board members and others authorized to apply for funding for the organization are allowed to submit an application. The following is a list of eligible organizations:

- Nonprofit 501(c)3 organizations
- Local government agencies
- Religious organizations, provided the project has a secular purpose, no religious content, and benefits the greater community without regard to religious affiliation

Q. Are past and current Landmark grantees allowed to apply?

A. Yes, past and current grantees are encouraged to apply.

Q. May I apply for more than one project?

A. No, organizations may only submit one application.

Q. What are your program area priorities for funding?

A. Landmark Community Grants are open to all focus areas and causes. We know that each community in the regions we support has its own unique character and needs. We want to support what matters to those living and working in these areas, whether that is the environment, arts or health, to name a few.

Q. What are eligible program activities?

A. Requests must be aligned with the organization's current mission and overall goals, and culminate in something visible and tangible in the community (e.g., park improvements, community health fair, afterschool program, or CPR training for staff or volunteers).

Program activities may include, but are not limited to:

- Existing programming (includes education, outreach or workshops)
- Program expansion to serve new populations or sites in the Russian River Valley or Sonoma Valley
- One-time request for technology, equipment or infrastructure (total cost must be less than \$5,000)
- Capacity building

Q. What is not eligible for funding?

A. Landmark Community Grants will not fund:

- Multi-year requests
- Requests for general operating support
- Schools or classroom-based programs (teachers are encouraged to apply for a school grant instead. Visit our website for details.)
- Political causes, organizations, candidates or campaigns; activities influencing legislation and/or elections; 501(c)4s

Q. Where may I send questions or feedback?
